Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country more than one year prior to the date of application for patent in the United States

Claims 21-24 rejected under 35 U.S.C. 102(b) as being clearly anticipated by Broude et al (5,717,198).

Broude et al teach of a method for projecting a light unto a position at a pellicle and monitoring a change in the detected signal.

Allowable Subject Matter

Claims 1-20 allowed.

As to claims 1-9, the prior of record, taken alone or in combination, fails to disclose or render obvious a method for measuring a dimension of a pellicle, the method comprising the steps of projecting a light beam from a first side of the pellicle and at a first plane above a first surface of the pellicle, projecting the light beam from the first side of the pellicle and at a second plane corresponding to a plane of the pellicle and projecting the light beam from the first side of the pellicle and at a third plane below a second surface of the pellicle, in combination with the rest of the limitations of claim 1.

As to claims 10-14, the prior of record, taken alone or in combination, fails to disclose or render obvious an apparatus for measuring a dimension of a photolithography element comprising a light source for projecting a light beam from a

first side of the pellicle and at a first plane above a first surface of the pellicle, projecting the light beam from the first side of the pellicle and at a second plane corresponding to a plane of the pellicle and projecting the light beam from the first side of the pellicle and at a third plane below a second surface of the pellicle, in combination with the rest of the limitations of claim 10.

As to claims 15-20, the prior of record, taken alone or in combination, fails to disclose or render obvious a photolithography system comprising a light source for projecting a light beam from a first side of a pellicle and at a first plane above a first surface of the pellicle, projecting the light beam from the first side of the pellicle and at a second plane corresponding to a plane of the pellicle and projecting the light beam from the first side of the pellicle and at a third plane below a second surface of the pellicle, in combination with the rest of the limitations of claim 20.

Conclusion

Papers related to the application may be submitted to Group 2800 by Fax transmission. Papers should be faxed to Group 2800 via the PTO Fax Machine located in Crystal Plaza 4. The form of such papers must conform with the notice published in the Official Gazette, 1096 OG 30 (November 15, 1989). The CP4 Fax Machine number is:

703-308-7722

If the applicant wishes to send a Fax dealing with a Proposed Amendment for discussion for a phone interview then the fax should:

1) Contain either the statement "DRAFT" or "PROPOSED AMENDMENT" on the Fax Cover Sheet; and

2) Should be unsigned by the attorney or agent.

This will ensure that it will not be entered into the case and will be forwarded to the examiner as quickly as possible.
